

# Honour the ANZAC

Australian Army and New Zealand too  
Teams with the courage who battled for you  
Combined united the strong Army Corps  
We will remember them forever more

What they have done is to give us our life  
Free from oppression and pain and the strife  
Blest are the people for who they have died  
They gave their lives and their families cried

Sadness of war where the people were lost  
Freedom for us at the ultimate cost  
The ANZAC Digger entrenched with his mate  
Never in vain for the cause was so great

We owe our lives to the diggers who passed  
We must do good for the freedom to last  
We must achieve all the best we can do  
Honour their deaths with your dreams coming true

By Steven Hammon
